Ryan Richards

Wayne resident Helena Quigley chats with U.S. Congressman Joe Sestak at a wine tasting at St. Davids Golf Club on Saturday evening to benefit genetic research on brain tumors at the Children's Hospital of Philadelphia. Quigley is the mother of Miriam (as pictured in the enlarged photograph at right), who passed away in 2005 at age 5 from a brain tumor. Sestak, whose 6-year-old daughter has a brain tumor now in remission, and Dr. Peter C. Phillips, director of the pediatric neuro-oncology program at CHOP, spoke at the event. For more info on the mission to cure pediatric brain tumors log on to www.miriamskids.com.
